PRODUCT DESCRIPTION

- These cute printable gift tags are perfect for giving your wrapped up handmade Gifts that final touch :)
- Once you've purchased the item, you will receive 1 PDF file, ready for printing.
- You can either print at home on card stock or paper, then glue to card stock, or you can take this file to your local print shop for printing. You can also order printing online through online print shops like Shutterfly, Canva, VistaParint, Staples or Costco.
- Do NOT print cover page. It will use up too much of your printer ink. Select only the pages you need to print.
- Print however many copies you want from both pages (Front and back), cut around the outlines of each tag, then glue the two together back to back with a glue stick.
- You can then use a hole puncher to punch a hole through the top of each gift tag and insert a piece of string, yarn, cord or ribbon to attach to your gift.
